

# Too much venom for the Stars

**DONALD LOBELO**

The Caxton Cobras delivered potent venom in the third season of the Supersport Corporate Soccer League at Sandown high school last Thursday.

It was not to be for the Jetflex Shooting Stars as the Cobras 'poisonous' striker Peter Ramothwala delivered the first goal of the match when he fired a volley into the net.

Caxton Cobras' return to the drawing board before the start of the season certainly bore fruit.

Team captain Kennedy Mudzuli was often left defending alone and

Stars dived at the opportunity to test goalkeeper, Geoff Pandeka with blistering shots, but he delivered some spectacular saves.

The venom-spitting Cobras were agile and fast while their opponents looked like they needed a miracle to get past the first half.

A new recruit to team Cobra, Chimane Morekhune took the score to two just before half time.

Come second half, Ian Kirton, Shooting Star's injured coach was seen smacking his crutches in frustration whenever his team was about to launch a missile only to find that the Pandeka was alert.

It was again Ramothwala and Morekhune who became shining

stars after they each registered a brace to bring Cobras to four goals.

Although Cobras could have won the match by a trail of goals, it was a well-deserved win.

Kirton said, "It was a good game. We are an up-and-coming team."

Cobras were among the top teams last season before losing to Pfizer Laboratories in the playoffs.
